Hunting and fishing permits are valid from March 1 through the last day of February next following of the year for which they are issued. Permits are issued at the Outdoor Recreation Center. The fee schedule is at appendix A. The acceptance of a permit shall constitute an acknowledgement by the permittee of his/her duty to comply with the provisions of this regulation, and all permits are conditioned upon such compliance.

c. Persons born on or after 1 January 1967, including full-time active duty military personnel, are required to pass a Hunter Safety Education Course before being issued a Fort Leonard Wood firearms hunting permit.
